Abbotsford, B.C. - ICS COPPER SYSTEMS LTD. As a result, ICS will issue 1,500,000 Units at a price of \$0.85 per Unit. Each Unit is comprised of one (1) class A Voting Common Share (the “Shares”) and one-half of one transferable share purchase warrants (the “Over-Allotment Option Warrants”). Gross proceeds from the over-allotment option combined with the \$8,500,000 gross proceeds raised through the IPO will be used for exploration, drilling and technical work on ICS’s Mokambo Project and DRC properties, as well as general and administrative costs and working capital.
